

DISTRICT CENSUS DATA

Once again the South Central Nebraska Unified School District#5 will be conducting local school censuses for Lawrence/Nelson Public Schools and Sandy Creek Public Schools during the month of June. In order to get the most accurate and complete number and names of persons living within our District, we are asking the patrons to complete the attached questionnaire. It is important for one form to be filled out for each household - if you have never filled out the form or if you have changes to an older census. This includes single parent families, single individuals, etc. Please enter only the names of individuals who live in your household. Please return the completed questionnaire to your local school office. If you are aware of any new individuals or families to our District, please ask them to contact the local school office.
